Notice to Health Plan Members

Right to Request Form 1095

Commercial Tool & Die, Inc. Health Plan

Under the Affordable Care Act, employers must report information about the health coverage offered to employees, on a Form 1095-B or Form 1095-C, even though employees are not penalized for not having coverage. As the result of two bills recently signed into law, your employer is no longer required to send you a Form 1095.

You still have the right to request a Form 1095!

To request a Form 1095, please complete this form and return it to your employer via U.S. mail or e-mail:
